

**Calhoun County Historical Commission
2020 Cemetery Report
12-21-20**

The Calhoun County Historical Commission Cemetery Committee was unable to do any work on its historic burial sites/cemeteries in the county due to the Coronavirus pandemic.

Mary Belle Meitzen regularly tours the historic cemeteries in Calhoun County. After noticing damaged headstones at Zimmerman Cemetery, she contacted County Commissioner David Hall in November. They met, and he agreed to have his crew repair damaged headstones at the cemetery. John Kassner provided the epoxy for the repairs.
